If you are sexually active, the  
November 8 election  
could change your life.

**The new "heartbeat" law prohibits abortion after about six weeks, before many people know they are pregnant.**

**It requires private health records turned over to the District Attorney for investigation.**

**It does NOT allow for abortion in cases of rape unless a police report is filed.**

**Gov. Brian Kemp told reporters he was "overjoyed" by the forced birth decision.**

## WHAT'S NEXT?

Republicans have made it clear that this is just the beginning: the goal is a nationwide ban on abortion.

Many Republicans want to limit access to safe and effective birth control such as the pill or IUD's because they prevent a fertilized egg from attaching to the uterine wall.
